PROFESSIONAL SUMMARY

React Developer with hands-on experience in JavaScript, HTML, CSS, and the MERN stack. Proficient in developing responsive web applications and passionate about front-end development. Seeking an entry-level role to apply my web development skills and contribute to a forward-thinking team.

TECHNICAL SKILLS

- HTML, CSS
- JavaScript
- React.js
- Python

EDUCATION

- B.E CSE - KGISL Institute of Technology - 2020 to 2024
  CGPA - **8.04**
- HSC - KG Matric & Hr Sec School - 2019-2020
  Percentage - **66%**
- SSLC - KG Matric & Hr Sec School - 2017-2018
  Percentage - **86%**

PROJECT EXPERIENCES

1) Food Donation Application - WeFooDo   **APR - 2024**
- **Role: Frontend Developer (React.js), Team of 4**
- WeFoodo is a food donation application designed to connect NGOs, charities, and donors to prevent food wastage and increase the efficiency of food distribution to those in need.
- **Tech stack:** React.js, Firebase, Bootstrap

2) Restuarant table booking application   **APR - 2024**
- **Role: Frontend Developer (React.js), Team of 2**
- This application built for reserving tables in the hotel. With the application, users can browse available time slots, view menus, and select their preferred dining settings.
- **Tech stack:** React.js, Express.js, MongoDB

MINI PROJECTS

- **Movie Searcher:** Implemented API fetching with the Fetch API, demonstrating proficiency in managing asynchronous data and enhancing user interaction with real-time search functionality.

- **Weather App:** Gained experience with API fetching, the Axios library and the React-router-dom library, demonstrating skills in integrating external data sources and handling asynchronous operations.
